Inheriting Islam

The Work *So Far*

What is live, what is underway, and where it goes next.

NOVEMBER 2026

WHY THIS EXISTS

So no one has to work it out alone.

> For twelve years I have taught the Qur'an in Islamic schools and youth programs. Again and again I have met people who love this Book and were never taught to read it. Inheriting Islam is for them, whatever their age. It is free because no one should have to afford their own deen. These pages show what is built, and what is left to build.

WHAT SUPPORT MAKES POSSIBLE

Our first goal

$1,750 a month

Monthly support helps pay for the founders' work on free Qur'an lessons, the podcast and practical guides. This goal covers part of that work. Support without a project designation goes where it is needed across these programs; we honor agreed project designations. The goal is before payment fees.

- **A short monthly letter**: what was recorded, built and published, with one clip and one number.
- **Your name only where you want it.** No public thanks unless you ask.
